**C**omputerized Auto Search (CAS), an automobile dealership based in Kansas City, Missouri, assists individuals and businesses with buying and selling vehicles, automotive consulting and vehicle consignment services.

CAS has buying and selling power throughout the United States and abroad. To give you a sense of our growth, CAS began as a result of a personal automobile accident and the discovery of difficulties one encounters in the vehicle replacement process. Founded in 1988, from the beginning and as an early pioneer in locating vehicles online, Hosea L. Haywood III was determined to build his company on honesty, excellent customer service, personalized care and high quality vehicles. In the ensuing years, CAS has expanded and now performs customized service to corporations, insurance companies, attorneys, government agencies, school boards, small/large businesses and nonprofit organizations to purchase their fleet vehicles. CAS has a showroom retail facility open to the public.

CAS can buy one or as many as 5,000 or more fleet vehicles to meet the needs of its clients. CAS has access to sedans, coupes, SUVs, light-/heavy-duty trucks, farm/agriculture vehicles, electric vehicles, vans of all makes, motorcycles, boats and other land and fleet vehicles CAS customers desire. All of CAS vehicles are two years old or newer with 600-10,000 miles in pristine condition and a manufacturer's warranty. CAS has an

unmatched quality control process!

Inspired by his parents who instilled self-confidence, a no-nonsense approach, and belief in GOD and his community, Hosea has helped thousands of customers find exactly what they are looking for over the last 30 years. As Kansas City's local "*CAR WHISPERER*". CAS takes pride in listening to customers to accurately assess their needs and help make their dream of owning an automobile come true. Hosea is known for his infectious enthusiasm, tenacity and one-on-one service. CAS has helped generations of repeat customers purchase vehicles.

Hosea has grown CAS to also serve commercial needs that include Fleet Management, Vehicle Remarketing, International Sales, and Electric Vehicles. When asked about the next 30 years and the future of CAS, Hosea shares his passion for working with businesses/commercial partners, which include retail individual buyers, financial institutions, government agencies, U.S. airports, rental car agencies, construction companies, small/large businesses and others organization attain their personal and fleet vehicle needs.

"I covet the opportunity to help all of my individual and fleet buyers. I also aspire to not only serve as Kansas City's premier fleet vehicle provider but to become a provider of fleet vehicles to small and large corporations across the U.S. and internationally," he said.

Hosea would like to serve on an auto manufacturer's board. As the owner of

Computerized Auto Search, Hosea is a trusted, licensed and bonded automobile dealer and vehicle remarketer with three decades of automobile industry experience. He believes his industry knowledge, automotive background and experience will increase the automaker's sales.

What else does the future hold for CAS? Hosea would like to host a TV show on buying and selling vehicles and serve as a contributor to a major TV network, to share his automobile industry experience, knowledge, honesty, excellent customer service and ultimately serve as a mentor to a new generation of aspiring astute business owners.

Every Fleet Manager, Purchasing Director, Corporate CEO, City Manager, Banker and Individual Retail Buyers should contact Hosea L. Haywood III for all vehicle needs because he really saves his clients time, energy and MONEY and delivers a high-quality, safe, reliable, affordable and immaculate vehicle.

According to U.S. Congressman Emanuel Cleaver II, "Hosea Haywood, the owner of this company, is sterling silver in a bling bling business."
