

HSMC • ORIZON

CPAs, BUSINESS & TECHNOLOGY CONSULTANTS

HSMC Orizon

CLASS
OF
2012

HSMC Orizon (formerly HSMC Certified Public Accountants and Orizon CPAs) has been and continues to be a CPA firm on the move and growing. At the time we won the 25 Under 25[®] Award in 2012, our CPA and technology firm had 24 team members. Since that time, we have merged with a firm in Omaha and have become an organization with

43 team members that serve the Greater Kansas City and Omaha areas.

We strive to provide the highest level of professional service in a manner consistent with our core values of Integrity, Service and Results. Our firm is based on the belief that

Integrity should be at the heart of all we do; that **Service** wouldn't be just for our clients, but also for each other and our community; and that we are a team where each member and client can depend on the kind of **Results** that build trusted relationships.

Clients experience a meaningful difference when they work with our team. We make a daily commitment to serve clients, each other and the community. We invest in a client service excellence program called the Five Star Client Service Program so that our staff is always on the same page about client service. This program has become a staple of our culture with every new employee receiving initial training during the onboarding process, an annual update and ongoing attention at all of our firm meetings.

HSMC Orizon believes that effective results are only obtained when both our clients and our people succeed. We understand the impact we have on our clients' lives by doing what we say we will do and providing solutions they need. We also strive to create an environment that allows our employees to enhance their lives and achieve their goals. ●
