

## SARIN Energy Solutions

CLASS  
OF  
2017

SARIN Energy, Kansas City's premiere commercial LED lighting company was honored to be a part of the 25 Under 25 Class of 2017. On top of continuing to provide affordable LED lighting options to its clients across the Kansas City metro area, SARIN Energy has been lighting the way

throughout Kansas and Missouri with an exciting project and a brand new program.

SARIN Energy was proud to partner with Sprout Communications and Falk Architects in the City of Topeka, Kansas, as a part of the water tower beautification project. The Topeka

Historic Water Tower, a long-time fixture to the Topeka skyline, had been considered an eyesore since the 1990s. In an effort to enhance the skyline, Falk Architects requested SARIN's assistance in bringing new life to the old water tower, making it an integral part of the Topeka Corridor. On July 8, SARIN and its partners unveiled the newly renovated Topeka Historic Water Tower, illuminated by SARIN in an exciting ceremony.

In August, SARIN will be launching its "Dollar-A-Month" Program, the brainchild of its founder Inayat Noormohmad. This program is the first of its kind within the LED lighting industry and will allow many businesses, large and small, to enhance their lighting options and earn positive cash flow month to month. Visit [www.savewithsarin.com](http://www.savewithsarin.com) for more information.

SARIN Energy has been able to reach new heights within the industry, thanks in part to the generosity of Thinking Bigger Business Media's 25 Under 25 program. Stay tuned to see what SARIN lights up next! ●
